The appointment was set for early morning in South Tel Aviv. Dan Greenberg, a sales manager for an elevator installation company, assumed that he was headed for a routine business meeting.

Dan is swept into a whirlwind of events when he realizes that a radical organization called *the Rising* is attempting to recruit him into its ranks. The attempts to recruit him are disrupting his routine and threatening his life. Following the surprising morning meeting, he is suddenly unsure if the events occurring around him are coincidental, or the result of careful planning. Dan would soon learn that there are those who are interested in his unique talents and are trying to take advantage of them.

The organization is trying to influence him to take actions that serve their own interests. The struggle between Dan and those trying to manipulate him intensifies and touches the lives of many people. Slowly, the reader is exposed to the dark recesses of the fascinating, convoluted and unusual story until the amazing ending.

Avichai Schmidt, formally a staff member of the Israeli Broadcasting Authority. As long time member of the national authority, he traveled the world extensively. His intimate familiarity with different places, their unique corners and lifestyles, has enabled him to leave his personal mark in his accurate descriptions of worldwide events. The diverse, fascinating and unusual characters in his stories are influenced by his travels.

Blind Mission is Avi Schmidt's first book. Despite being a work of fiction, there is no doubt that the turn of events presented in this book has caused many sleepless nights for politicians and citizens alike. Following the accurate description of security gaps in 'Blind Mission' security services around the world changed their methods of operation.

The book has received rave reviews and great interest in the media.

This book is a work of fiction. All characters and events in this novel are fictitious. Any resemblance to persons living or dead, or to real events, is purely coincidental. Likewise, any depiction of Israeli governmental bodies or agencies is solely the product of the author's imagination.
